## SUMMARY

I am a frontend developer with strong skills in HTML, CSS, JavaScript, and React.js, backed by an MSc in Computer Science and practical project experience. I specialize in building responsive, user-friendly interfaces and am currently learning backend development (Node.js, Express) to expand into full-stack development. I'm eager to contribute to impactful projects and grow in a collaborative tech environment.

## SKILLS

**Languages:** HTML5, CSS3, JavaScript (ES6+), Java

**Frameworks/Libraries:** React.js, Express.js, Bootstrap, Tailwind CSS

**Tools:** Git, npm, Postman, VS Code, IntelliJ IDEA, Microsoft Excel

**Backend (Basic):** MongoDB, Node.js

## EDUCATION

**Master of Science in Computer Science**

**GRADUATED, 2023-2025**

Madurai Kamaraj University|NMSSVN COLLEGE (Madurai)

Marks obtained-76.6 %

**Bachelor of Science in Computer Science**

**GRADUATED, 2019-2022**

Madurai Kamaraj University|NMSSVN COLLEGE (Madurai)

Marks obtained-69.20 %

## INTERNSHIP

MERN Stack Intern – Iunoware Pvt. Ltd.

**May 2025 – July 2025**

- Participated in a real-time project involving school operations and data handling.
- Worked collaboratively in a structured, task-based environment with remote team members.

## PROJECT

### Front-End Mini Projects

Created three fully responsive single-page websites.

- Tech Stack: HTML, CSS, JavaScript
- Focused on clean, minimalist layouts with smooth scrolling and mobile-first responsiveness.
- Ensured cross-device compatibility, providing a seamless user experience on desktops, tablets, and smartphones.
- Demonstrated proficiency in building intuitive, user-friendly interfaces without relying on external design tools.

### IT Management System

Developed an IT Management System with secure login functionality for both admin and employees.

- Tech Stack: HTML, CSS, JavaScript, PHP, MySQL
- Designed and implemented an Admin Panel to manage employees, assign projects, track progress, and calculate performance-based bonuses.
- Built a User Panel allowing employees to submit projects, update profiles, apply for leaves, and access a leaderboard.
